Doctor Registration

📍 Step 1

Doctor registers with The QUEST Initiative

Please complete the form on page 3 and email your response to medical@thequestinitiative.com or fax 08 6323 4683.

📍 Step 2

Request education if required

Are you new to medicinal cannabis?

YES NO

Do you require information about the Little Green Pharma products that are to be prescribed as part of this study?

YES NO

If you answered NO to the above to questions, please skip to step 3.

If you answered YES to either question, please contact Little Green Pharma on Ph: 1300 118 840, medical@lgpharma.com.au or register to the LGP Medical Portal at <https://www.littlegreenpharma.com/medical-portal/> register to access the following information:

- medical cannabis training: RACGP - accredited CPD course and an introduction for Prescribers
- case studies and presentations from other prescribers
- detailed product information along with dosing guidelines

📍 Step 3

Complete the short training

After receiving your completed registration form, the USyd researchers will contact you directly to book your 30-minute online training.

Patient Enrolment Requirements

📍 Step 1

Patient books consultation

You can enrol any patients that are eligible to The QUEST Initiative, including your current patients. New patients may choose to book with a doctor participating in The QUEST Initiative from the official study website (if a doctor has selected this option).

Many patients will have assessed their potential eligibility via the Screening Quiz at thequestinitiative.com prior to their initial consultation.

📍 Step 2

Enrol patient (if eligible)

Following a consultation, if the doctor deems medicinal cannabis to be an appropriate treatment for their patient and they have determined that the patient would like to participate in The QUEST Initiative; the doctor will complete an online study registration form (15 Questions re: patient health information which should take approximately 5 minutes).

Patients will automatically receive a study invitation via email from the QUEST study researchers.

📍 Step 3

Approval & script

Doctor receives SAS B or utilises AP approval and completes a script for the patient.

Upload script and approval to central portal. Patient will be prompted to enter delivery address and payment details for medication (\$150 plus \$15 delivery).

📍 Step 4

Monitor patient

Follow-up as per routine standard of care as determine by each prescribing doctor.

If required, you will liaise directly with The University of Sydney researchers regarding any changes to your patient's participation on the QUEST study.
